Northern Engraving Nameplates and Trim

---

Our passion is to create identity solutions. We make nameplates and trim that add value to your product's image.

Schedule a visit to our Design Center and experience our passion for yourself. Let us help you make your vision a reality.

Attention to detail brings peace of mind, allowing you to focus on your product launch. Use our experience and capabilities to decorate and form aluminum and plastic. Find your identity solution that differentiates your product in the marketplace.

Innovation through a blend of new and traditional technologies results in elevation of your brand.

**Tactile** - debossed graphics

**Selectivity** - with multiple finishes

Individual letters - precisely aligned

Emboss - multi-level

Formed - edge

Textured - precision

Possibilities - go beyond the obvious

Precise - registration

Chemical resistant - coating protection

Custom color - development

Norlens - depth

Aluminum in-mold - durability and dent resistance

Functional - backlit aluminum

Formed diamond cut - distinction

Integrated - polycarbonate and aluminum dial

Brand protection - overt and covert

*Collaborate from start to finish*

Regardless of where you are in your product development, we provide solutions quickly and efficiently. The end result differentiates your product in the marketplace.

Select from a library of thousands of finishes and decorating options. Our designers and engineers work with you to determine the best processes for your specific application.

The advantage is your project is reviewed by all key areas to ensure efficient production. From design to engineering to manufacturing, opportunity exists for communication, collaboration, innovation and ingenuity.

Watch your vision become reality.

Patina finish - a unique look

Tooling - attention to detail

Testing - in-house facility

Mixed material - premium look

Snap-fit - attachment solution

Formed lens - jewel-like

Extreme form - benchmark trim piece

Design - collaboration

Flexlens - elegance

Stainless steel - aluminum finish

Assembly - options

Diversity - large or small

Premium trim - integrates into product design

**Engineering** - expertise

**Quality** - from start to finish

**Crisp graphics** - premium message

*More than nameplates* \_\_\_\_\_

The possibilities are endless with aluminum as a substrate. Layering of processes brings unique depth and dimension. Aluminum's embossing and forming capabilities allow you to go beyond a nameplate. Create a trim piece integrated into your product design.

As far as you are able to dream, we give life to that dream. Go beyond the obvious.

*Differentiate your brand* \_\_\_\_\_

Your brand coupled with our expertise conveys a message that demands a second look.

You know your message. We know how to take that to the next level. It is our passion to create your identity solution. We're ready. Are you?

**Dimensional** - emboss
